Fresh Sauces, Not Made By Robots

Honey Mustard - Rich, creamy, our most popular

Ranch - Fresh chives, Italian parsley and maybe a little garlic

BBQ - Smokey with fresh cut red onions

Cajun Love - Horseradish and stone ground mustard with other fun stuff

Avocado - Chunks of avocado blended with sour cream and chives along with other secrets

Blue Cheese - Let's see...blue cheese?

Lemon Shallot - Extra Virgin Olive Oil. You can guess the rest. Our most popular with the broiled salad.

Coyote (spicy) - A complex blend of citrus, molasses, honey and, oh yeah, chipotle paste.

Bang-Bang (very spicy) - An accidental blend of 28 ingredients and John Thompson.

Habanero (very Hot) - Straight up, it's seriously hot. Blended with other sauces, it's seriously addictive.

H₂ - "Habanero sauce mixed with honey mustard. Boom.", Chris A.
